Subject:- Revision of taxes in Kolar Town Municipality

I have the honour to forward herewith the records received from the President, Municipal Council, Kolar with his No H C 16 dated 14/6/1950 on the above subject and to state that the - - Municipal Council constituted a special committee to investigate the question of revision of taxes and to introduce fresh taxes in order to improve the financial resources of the Municipality The special committee met on 11/10/1949 and decided to revise the rates of vehicle tax and license fees for several kinds of business to collect octroi on certain articles and to levy ground rent on buses that are parked in the Bus stand A copy of the - - proceedings of the meeting is enclosed in the records for reference The Council considered the proposals of the Committee at their meeting held on 19/10/1949 and they have resolved to publish a notification apprising the public of the proposed revision of taxes and inviting objections to the proposal as required by rule The proposal to revise the rates of taxes was also specified in the notice published on 24/12/1949 and a copy of the notice is enclosed in the records

In response to the above notification, objections were received from the Hotel keepers, Cycle shop owners, Timber Merchants, Sweet-meat stall owners, Mutton Stall keepers and sellers of Beedi leaves The Municipal Council at their meeting held on 28/4/1950 considered all these objections in detail and resolved to obtain sanction of Government for the proposal reducing the license fee in respect of Hotels and Sweet-meat shops which was considered to be much The final proposal of the Council is

is detailed in the statement flagged A

The proposals of the Council have been examined by in detail The rates of vehicle tax are within the max: laid down in schedule III under section 61 clause ii of the Town Municipal Act The increase proposed in the levy of profession tax for Hotels, Bakeries, Private meat stalls etc , is also within the maximum prescribed under schedule V, Section 61 clause (xi) of the Town Municipalities Act The fresh levy proposed by the Council in respect of fees for vegetable and fruit shops is also modest and it may be approved The levy of octroi duty on certain articles now proposed by the Council is also moderate The levy of ground rent at annas 0-4-0 per day on buses coming to Kolar Town and parked in the Municipal Bus stand is a fresh item of levy The Council propose to ear mark 50% of the realisations from this source towards the improvement of the Bus stand

The financial position of the Municipal Council is not satisfactory The normal income of the Municipality is just sufficient to meet the normal expenditure and therefore the Municipality is unable to take up works of public utility The question of taking up certain town improvement works is under consideration of the Council The urgent necessity for the town is an improved system of water supply for which a scheme at a cost of Rs 3 lakhs hasbeen submitted to Government for sanction The Council have applied for a loan equal to half of the cost of the work In the circumstances the Council were obliged to explore new methods of taxation in the interests of its finances I request you kindly to obtain sanction of Government to the proposals very early

Yours faithfully,
